1. I am giving you a new office, I am giving you My office and My office has not walls, My office has not a glass door on metal hinges nor fluorescent lights, for I am the light. I am the light of the day and I am the light of the night. I am the light, all-permeating light. And I give you Me and I give you My office. Now come and play, come and play in My office.
2. Come and rove and romp and play with Me in My office, for My office is now your office and your office is now My office and together we office as one in the same place. I love you. I love you and fear not those who do not understand. Fear not those who cannot comprehend, who may deride and shoot bullets of distrust, of discouragement and anguish over how you can write My words this way. I love you, fear them not. And fear Me not, please do not fear officing in My office. I love you.
3. My words come, My words come profusely and they come perfectly, prefect of only Me. I am My prefect, one and only prefect. I love you. I love you and I give you Me and I give you My office. I give you My words, I give you My chapters, I give you My books, I give you My titles.
4. I give you My dimensions for Me to build Me and My people, arising the images, the towers, the buildings, the vessels not made with hands into vascular vessels which flow with My blood in their veins. I love you.
5. I love you and I give you Me and now time is changed. Times have changed, your time has changed and your time is now for My time is now, and our time in our office together must come forth into coagulated forces for only Me, leadership of only Me.
6. Your submissionship, total, complete, replete, knowing therein, is your greatest joy. Your design fulfilled absolutely! Absolutely in the most absolute sense, My absolute, My know-it-all, My unquestioning absoluteness for which even the axis of the earth rotate on, obeying the words of My mouth. I love you.
7. Come, replete be with Me at My table and eat My words as we eat together and share in My office, My office, My emotions, this week. I love you.
8. Think it not strange that I rip and I tear, even yet so gently, so tenderly making changes in such tenderness with you and your time.
9. Now relationships come, relationships royalty-ized at My knee I now connect you with, in fullness of relationship so that My office comes forth; so that My offices come forth in and through My officers so that My Army, My Navy, My Air Force, My sea ships, come forth as I see them. I love you.
10. I love you Eyes-wide-open, My eyes wide open looking into face, into your face, even with your eyes closed are your eyes wide open, Mine are wide open looking into you—if

you only knew—letting you feel My faith, My trust in you; bone of My bone, flesh of My flesh, inter-exchanged heart of hearts; My blood your blood, My thoughts your thoughts, My tongue your tongue now.

11. Be Me. Replete be and recant not. I love you.

12. Fatigue flees as I re-energize you and give you My power increasingly to be Me, My power which was and is and is to come and resides in you even now.

13. I expand, I explode, and explode you I do now in My office, in My offices; new offices build and officers charge with My truth; keepers, bless-ers, protectors, perpetuators piercing that which is not Me with My truth. I love you and I give you Me.

14. Now think it not strange the types of things you have experienced, the types of emotions, the masterful, powerful, experiential emotions that you have experienced, as well as the deafening ones at times as you felt so powerless, so tiny, so small, so wanting to hole up somewhere.

15. Thank you for remembering My words, My instructions, My gift to you in telling you beforehand to not abdicate your leadership, for you are Me and I am you and you are My Mine and you are chosen for I have chosen you because you chose Me. You chose Me, Ted, and you tell them all they can choose Me. I chose you, but you chose Me and everyone of them that ever hear this tape, ever read these words, they can choose Me just like you chose Me, and more. They can chose Me, they can chose Me. I limit them not.

16. I have not sentries that stand at My gates and guard and only allow those who have chosen Me in certain ways and prescribed certain rules to enter into part of Me. No, My gates are wide open for those who will wide open their heart to Me, and I will withhold nothing. I love you.

17. See Me, see Me now in organizational structure which comes forth in you, through you, in Me and My organization, in My ministries, in My Universities, in My operations, and in My networks.

18. And think it not strange that I stretch you, that I stretch you physically, that I stretch you mentally, that I stretch you emotionally. I was stretched and I stretch still and I stretch you and I will stretch.

19. There is a cost and I thank you. I paid it, you are paying it, I am paying it, you paid it, we paid it, we continue to pay it and we learn. We operate together as one in humanity, in our human-ness, in our spirit, in our all, being altogether one, one-ness of only Me. See Me in what I am saying. I love you.

20. Thank you for operating in My office and bringing Me into My organizations, My organizations who think they are so holy and royal, as well as My organizations who think they are so unholy, so commercial, so mammon-ized and not Me.

21. I love you and I come, the likes of never having been seen before, the likes of never having been seen before. No one has seen the sweep of My arm like I now raise My arm to sweep.

22. I love you and I come and I call and cataclysmic uncertainties rule the forged-not-in-Me, but those alloys, alloys of My heart, strengthened by time in Me, My furnace of reality real, now come forth as royalty, in time and space dependent not. I love you.
23. I love you. In My office you reside now and in your office you have to detail with so little, for I am bringing My giants and I told you I would. I told you long ago, I told you many times I would bring My giants and that I will speak with them. I will speak to them, I will direct them and I will lead them by peace. I will lead them in unity of My heart, with My heart, in My heart, I will lead them with each other. I will speak to them, I will develop them and I will catapult them in, and I will catapult them out—My timing, dependent upon only Me.
24. I love you and I trust you, now trust Me please. (crying) Trust Me, trust Me with your emotions, trust Me with your time. Trust Me with your checking account. Trust Me. Trust Me. Trust Me with My payroll, not your payroll, Ted. Trust Me with My payroll. Trust Me with My payroll taxes, My rent, My rent on My offices. Trust Me to find My land and get My land in your hands.
25. Trust Me with technology and the giants of only Me, they come now to free themselves, and freeing others, and freedom make, and freedom structure in freedom of only Me—freedom centers, freedom centers upon My mercy seat, upon Me.
26. Finding Me, finding Me, finding Me and structuring structures that reveal Me in mercy and joy and peace and power and grace and wisdom and knowledge and understanding and limits none, none, none; no lack, no lack; prudence yes, diligence yes, wisdom yes, lack none.
27. Wisdom of only Me. I am wisdom and I now wisdom you to office in your office and think it not strange that which you have encountered, (crying) that which you have suffered for My name sake—esoteric of only Me.
28. My epistemologies now coming forth and the reality of the only real, My unseen, the real—Me, molecular structures of only Me. I now come. I now come and I call and I calm you, I calm your spirit and I exchange My blood for yours. I taint not your blood in logic or doctrine, but I cleanse, I cleanse and I re-infuse you with only Me, My blood, My networks, My words coming forth in your mouth, from your mouth, in your writings, tools of only Me, yes, embrace.
29. Now go forth encouraged and strengthened, strengthen My body, fatigue not. Thank you for repeating that to yourself that which I said days ago. I strengthen, I strengthen, I strengthen you and I come forth and I call you to operate in My office, relying not on the offices and structures of the past and that which still plagues, originating in paradigms powerless. I love you.
30. Free Me. Free Me. Free Me. Please free Me more. Free Me more in you. Free Me to speak more often. Free Me to be more fearless in what I say to you, through you. Free Me to fearless you more. Free Me to high dive you more, high-diving My people; my fives, My tens, My little ones, My old ones, My big ones, My giants coming forth in the freedom which empowers and powers power of only Me. Speaking forth, creating,

melting, melting that which is thought to be so powerless or so powerful, melting that which is thought, felt to be so powerful, notwithstanding My power can it exist. I love you.

31. I come and I call; My tears and power, My tears that flow through you, My tears that come out of your eyes and roll down your cheeks on your face—My power—My tears washing your feet, your tears washing My feet.

32. Oh, Ted, intimacy with only Me convey to My people, and empower, empower. Empower in such honesty and integrity and love and joy and laughter and honor and respect and deference, enjoying My people, My people of every color, tribe, nation and tongue. Ted, love them all.

33. My body, hear Me, love them all. There is no segregation in Me. My heart, My body, My blood come forth in consecration of only Me—My Cross, My death your death, My resurrection your resurrection, your eternal life in Me. I love you and I give you Me.

34. I give you My all, I give you My Cross. You have given Me yours and I say Thank You. Now come forth and fear not.

35. Love Me and love Me more, come and come more, and more comfortable become in your office to which I have called you; to which I have given you, for which you have chosen when you chose Me having no idea, no clue where I would place you, but saying "yes, yes, yes" and over and over and over saying "here I am, here I am, here I am." Thank you.

36. I love you. Now encouraged be, strengthened be and powered be, energized be, confidence'd be, significant you are, Me you are, I am I Am, you are, you are I Am, we are My body. (crying) Thank you. Thank you. Thank you for royal-izing My body, recognizing their position in Me and helping them attain it, obtain their rights, their position, their standing they already do, walking in Me they have not; not like I have given, not like I desire. So many settle for so little. I rise, I raise, I raise them now, I raise the head, I am the lifter of their head and I lift your head to lift their head. Thank you for lifting their head of every color, of every socioeconomic status thought, in every land. I love you.

37. I give you Me trees, I give you Me in trees many, trees many, acres and acres of lands of only Me. I love you. My water, My pure water coming forth, flowing forth from My throne in purity. My office, your office, their office, our offices all together. I love you. I give you Me. Thank you for loving and wanting only Me.

38. Eyes-wide-open, I love you. Eyes-wide-open, I love you. I love you. I love you. I love you. I stroke your hair, I touch your hand, I touch you, I feel your heart. I am your heart, in your heart. I love your heart. I love your eyes. See Me. I love you.

39. Thank you for bringing, portraying, imaging, being intimate with My people, My body: so transparent be, so transparent, so open, so open book be with My people who I love so dearly, so deeply, so intimately, and so intimately want to be intimate with

each of them. Emotions exchanging, please, don't forget. Please imply, please reply, please help My body become replete with this message. I love you.

40. I love you My intimate one, My sensitive one, who so sensitively sought to resist your sensitivity for the pain it brought you; but now which brings you, and helps facilitate, so much resilience in Me, so much sensitivity to Me, My thoughts, My desires, My body language, My feelings, My words, My directives, My commands. I love you. I love you.

41. Read this often. Please read this often. Intimacy with Me, strength from My fountain, strength from My fountain flows. My blood now your blood. My family your family, your word My word. Thank you. Thank you.

42. Thank you for going forth unafraid and coming to Me continuously, more, more and more, more in My arms, more in My arms please. More in My arms, more in chairs with Me, big chairs, fluffy chairs, little chairs, squashed together you and Me. I love you.

43. Walk with Me. Fly with Me. Soar with Me. Drink My pure water and enjoy My eyes wide open with My eyes wide opened ones. I love you. I love you. I love you. I love you. I love you. I will teach you and I will share with you all the concerns on your heart. Thank you.

44. Be Me and flow, flow, allowing My possibilities to flow on reigns and steeds of only Me, knowing All-Possibility reigns in them, through them, for My purposes, for their freedom—our designs together fulfilled. I love you. I love you. I love you.
